

**SWISSBRAND** 

Europe Collection | Fall Winter 2018-2019

SWISS**BRAND** 

A person wearing a brown sweater and black tights is holding a blue and grey camouflage patterned suitcase. The suitcase has a red logo on the front and is on wheels. The background is a blurred indoor setting.

A man with long brown hair, seen from the back, is wearing a dark green jacket and a black tactical backpack. The backpack features a red cross logo on the upper left side and a large front pocket with a zipper. He is standing in an airport terminal, with blurred flight information screens in the background. The text "BACKPACKS COLLECTION" is overlaid in white on the image.

# PRODUCT **FEATURES**

# LUGGAGE

## KEY FEATURES

TSA Fixed Lock

Our TSA locks permit all international airport security personnel to open the lock and inspect the contents without damaging the lock or luggage.

Hinomoto Wheels

Hinomoto wheels are high quality engineered wheels that ensure a smooth, silent, 360 degree roll across any surface.

Hard Case

Made of the most durable and collision resistant materials.

Polycarbonate

Properties include easily worked, molded, and thermo-formed in order to provide strong and heavy-duty resistant hard case shells.

Eight Wheels Luggage

Allow travelers to receive better weight distribution and mobility.

Four Wheels Luggage

Allow travelers to receive a strong wheel base with excellent mobility.

Laptop Pocket

A special compartment fitted to securely store laptop computers.

Tablet Pocket

A special compartment fitted to securely store tablets.

Lightweight

Specially designed for convenient lightweight mobility, while meeting Swissbrand durability standards.

Fixed Lock

Built-in Lock for added security, but not TSA approved.

Expandable Zipper

Soft zip-around expandable zipper which increases the size of the bag by 2.5 inches.

Trolley Attached Strap

Designed to slip over extended luggage handles allowing the bag to be stacked for comfort and convenience.

Airline Carry-On Approved

International standard size approved to fit into overhead compartments.

Easy Access Pocket

Easy access compartment designed to securely store personal documentation.

Aluminium Trolley

Designed to achieve greater structural rigidity, without adding to the overall weight.

# BACKPACKS / BAGS

## KEY FEATURES

A special compartment fitted to securely store laptop computers.

A special compartment fitted to securely store tablets.

Easy access compartment designed to securely store personal documentation.

Located within a convenient reach at the side of the carry-on bag.

Storage for mobile phones, credit cards or office materials.

Fully padded strap technology to ensure comfort and durability of our products.

One size fits all hook designed to attach personal accessories.

Fully padded strap technology to ensure comfort and durability of our products.

Buckle strap to ensure greater safety to your belongings.

Designed to provide outside access for headphones while safely storing electronic devices inside the bag.

Design to allow traveler the option of towing the bag instead of carrying the weight on their shoulders.

Designed to slip over extended luggage handles allowing the bag to be stacked for comfort and convenience.
